---

Good Morning,

The weather is forecasting a 6-8 inch Snow Storm for NYC area from Wednesday Night till Thursday Morning. We have drill this weekend so I will need the tactical lot and the 2 regular parking lots plowed and salted. The last snow event took (b)(6) 2 days to get it plowed and salted. We never got around to the tactical parking lot cause it melted away. This upcoming snow event will drop even more snow on us. Can you provide (b)(6) extra help so the plow and salt can be completed in a timely manner?

R/S
